

COST OF FOREST FIRES TO TOWNSHIP MAY REACH \$1,000.

Claims of Persons Who Battled With Flames Being Filed.

WOMEN HELPED IN STRUGGLE.

Nearly Every District in the Township Had Fires Raging at One Time and Days Were Consumed Fighting Them Away From Buildings.

Some idea of the cost of forest fires may be gleaned from the claims filed in the office of Magistrate W. P. Clark during the past few days. Up until the present time there have been filed claims aggregating \$205.32 for fighting fires in Connellville township alone.

The claims cover 40 applicants for benefits as fire fighters at 20 cents an hour and illustrate the vastness of the blaze which a week ago spread over the township and into other districts, and while this amount only has been claimed up to the present time it is said to go much higher and even reach \$1,000 for the fires that raged at the time.

The claims range in price from \$1.20 to more than \$12 and each hour is specified in the statements set forth by those who worked while the fires were at their height. Nearly every district throughout the township had a fierce fire burning at the same time, although the hours of work extend over four days, and from the statements filed it is presumed that the fires were not only menacing the homes of the residents but the lives of those who live in the rural districts.

In the claims for pay filed with Magistrate W. P. Clark the names of women who helped to fight the blaze are not infrequently coupled with those of the men. Kenneth Davenport, particularly, had a narrow escape from having everything that he owned destroyed by the fire and he has a claim of over \$11, half of which he says belongs to his wife, who fought the blaze away from their home in the mountains and helped to save what he had been gathering together for years. Mrs. Davenport worked side by side and beat away the fire from their home. Her claim was allowed.

The claims are filed with the magistrate and the constable of the district then takes the total amount of the claims to the township and receives the money and discharges the claim. The county pays one-third of the claim and the state two-thirds of it.

WEST PENN STEALS MARCH ON ENGINEERS.

Were First to Dam Yough But It Was Necessary to Furnish Water For Their Boilers.

The West Penn stole a march on the government engineers yesterday. It drenched the Yough.

Sunday night so much water in the river above the power house froze over that the supply for the boilers dropped lower than at any previous time during the dry spell. Matters were serious for a time as it became evident that unless more water was secured it would be necessary to shut down the plant.

After a conference between General Superintendent L. H. Conkili and Chief Engineer J. L. Lawrence it was decided that the river must be dammed. A dirt obstruction about a foot in height was rapidly constructed and this immediately brought relief.

This action helped the West Penn but it gave the Baltimore & Ohio an awful scare. The water in the river dropped lower and lower until it was necessary to pull the fires beneath the boilers at the shops for a time. Then, too, the West Penn Storage Company was surprised when it pumped water into its ice manufacturing apparatus. The water thus secured was actually warm.

In the afternoon, as the ice thawed, the dam was washed away and the water shortage below the power house ceased. By that time there was sufficient water for the West Penn needs.

Death Ends Auto Race.
BIRMINGHAM, Ala., Nov. 17.—(Special.)—Bill Stricker was almost instantly killed and his Renault car was smashed while trying to break the world's record for 24 hours continuous auto driving. Immediately after the accident the race was declared off.

Weather.
Fair and slightly warmer tonight. Wednesday fair and much warmer, and the indications at noon.

PROMINENT PEOPLE HERE CONVINCING GOVERNMENT ENGINEERS THAT YOUGHIOGHENY RIVER SHOULD BE MADE DEEP WATERWAY.

ARRESTS FOLLOW TAKING OF FISH.

One Man Fined \$37.50 For Removing Them From Yough.

FIFTY MORE TO BE ARRESTED.

When Water in Stream Was Shut Off People Made Dash for River and Took Wholesale Quantities of the Fish.

As a result of the West Penn Electric Company placing a dam across the river at its power house at Fayette many lovers of fresh water fish have gotten into trouble. The employees of the Baltimore & Ohio railroad noticed the water being shut off and soon saw evidence of it by fish lying upon the banks of the river. The dead fish were not wanted but it was an easy trick to wade out a little distance in the stream and take a cat fish or a sucker or any other kind of fish. Soon the entire shop force got onto the easy way of catching fish. Some of them took their overalls off and tied them at the bottom of the legs. One man secured upwards of sixty good fat fish and took them home last night. They were all alive when he reached home and a very appetizing supper was prepared of them.

This morning a large gathering of citizens and sports who like fish went out along the river banks and began their assault upon the fish which had only to be picked up. The river banks were covered with dead fish and as one of the sportsmen remarked, "there were a lot of stunned ones, too." The stunned ones were passed up. But fish and game warden J. P. Maitland had been notified of the wholesale onslaught upon the fish in the Yough river and came here early this morning. The very first person he placed under arrest for violating the fish laws was an Italian who paid over \$37.50 for taking fish illegally.

After this the fish warden with several deputies began a search for others who had been engaged in the practice and it was stated that information would be made against at least half a hundred residents of the town who had taken fish from the river while the water was turned off.

The law provides that the fish shall be taken by hook and line and those who wade out into the stream and pick up a number of the fishy tribe and take them home are violating this law. Warden Maitland stated that he would make a large number of arrests in the case, but that at noon he did not care to discuss it, stating that many who should be punished for the offense might escape.

Although not confirmed it is stated on very good authority that the Baltimore & Ohio railroad became involved in the right of the West Penn Company shutting off the water by the construction of a dam at its place. The engineering department it is stated notified the West Penn that unless the dam was removed from the river it would be dynamited last night, and as a result of this summary notice the water was allowed to continue down stream. The shutting off of the water cut off the company's supply for its boilers at the shops and the engineers immediately took the matter up. The water today is flowing naturally and the trouble seems to have been quickly settled.

CAMPAIGN EXPENSE SUIT BEFORE COURT.

Expected Supreme Body Will Render Decision Today in Well Known Election Case.

The case of Likins and others against John R. Byrne and others, has been occupying the attention of the Supreme Court in Philadelphia this week, and Attorney E. C. Higbee has been presenting the argument on the hearing that is going on there. The case came before the Superior Court and was decided against Likins and his friends, the matter being the filing of audits of expenses incurred during the campaign of Judge Van Swearingen, when John R. Byrne was county chairman. The law was declared unconstitutional at that time but it was carried through the various courts and the present is a rehearing of the case in the Supreme Court. Mr. Higbee is expected home tonight and a decision will probably result soon.

Mass of Evidence Being Presented By Experts in Many Lines of Trade--River Town Representatives Here Lending Their Aid--Hearing Will Probably Finish Today.

The second hearing on the proposition to improve the Youghiogheny river began in the Chamber of Commerce this morning with Col. John G. Knight presiding. Lt. Col. W. C. Lane, Capt. W. J. Barden and Assistant Engineer A. H. Weber are the ex-sociate members of the board. Mr. Weber officiating as its secretary.

The morning session was taken up with an exhaustive presentation of the great mass of evidence which has been gathered by the Chamber of Commerce of Connellville, the Board of Trade of McKeesport and the Board of Trade of West Newton, all of which organizations are represented by large delegations.

In addition to the delegates from down the Yough towns, Col. E. B. Robbins of Greensburg was on hand to represent the supporters of the movement to improve the river from McKeesport to West Newton. Congressman Allen F. Cooper of Uniontown took the part of the Connellville boomers while Congressman John Russell of Ellensburg lent his support to the matter.

The speakers in every instance corroborated that water transportation was badly needed and that it would mean a revolution in the coke producing business. F. C. Keighley, general manager of the Oliver & Snyder Steel Company, stated that water navigation possible from Connellville to steel companies would "blow" every right at their plants and ship the coal to them by water.

The first speaker of the morning was Superintendent J. D. Ayres of the National Tube Company, representing the McKeesport delegation. Mr. Ayres submitted a brief summarizing up the condition of the McKeesport people in favor of improving the river. Mr. Ayres declared that the improvement of the river would make available over 1,100 acres for manufacturing sites, an area larger than all of that now occupied by all the mills between Pittsburgh and Brownsville. Few sites are now available, he said, and the producing mills of the National Tube works had to be removed because of scarcity of roofs. With the Youghiogheny river

improved and made navigable many prosperous mills would locate on the ground made available thereby. In addition to this Mr. Ayres stated there are 280 square miles of forested land which would be made available for river shipment.

The river, he continued, if navigable, would solve the serious question of fuel transportation, its coal from the Monongahela river fields could be shipped to plants along the Youghiogheny with no more expense attached than to a shipment of coal to Pittsburgh. The advantage of river shipment, Mr. Ayres stated, is proven in the experience of the coal mill at Port View which gets its coal by water and in the saving of freight rates. It is enabled to pay 10 cents on its capital.

Mr. Ayres submitted letters from W. B. Rogers of the Pittsburgh Chamber of Commerce, General Manager C. W. Schellberg of the Pittsburgh Coal Company, the Monongahela River Coal Soldiers' Coal & Coke Company and West Penn Railway Company expressing their hearty endorsement of the river improvement proposition.

Secretary W. O. Armstrong of the Connellville Chamber of Commerce then read the geological report submitted by S. M. Jones detailing the vast mineral resources of the region besides the coal deposits. He also presented measurements concerning the discharge of the river which in August during one of the driest spells in history it amounted to 250 cubic feet where in the report of Captain Adams was stated that a discharge of 125 cubic feet might be expected.

Letters from various firms of the neighborhood were produced showing the impracticability of developing the minerals of this region because of the excessive freight rates and the shortness of canal.

John Dugan of New Haven was called upon to furnish data concerning railroad rates but Col. Knight relayed him from the rostrum duty of making a speech. He was permitted to file his brief without comment.

Engineer J. D. Hogg submitted a brief showing that 2,100 acres of land are available for manufacturing sites.

PARDON BOARD IS NOT READY FOR CASE.

Fate of Murderer to Go Over Until the Next Meeting of Body.

UNIONTOWN, Nov. 17.—The Pardon Board has postponed the hearing of William S. Cate, convicted twice of the killing of Policeman Thomas Guess of Belle Vernon for one month. A telegram was received here this morning to that effect. Attorneys Jones and Carr were prepared to present the facts in behalf of their client but the Pardon Board decided to hold over the case for further investigation.

The next meeting will take place one month from today and at that meeting such testimony as favors the prisoner will be submitted. It is contended by the attorneys for the defendant that Cate was away at the time of the commission of the crime, charged by an injury that he had received years ago, and further in explanation that owing to this injury he had acquired the habit of drinking to alleviate the pain and was drunk. The attorneys will ask that his sentence be commuted to life imprisonment.

SEMI-MONTHLY MEETING.

Council Has Important Matters to Discuss Tonight.

The semi-monthly meeting of the Town Council is scheduled to take place tonight, but the council of the Connellville are engaged on other matters it is not positive that there will be a meeting. Many important matters have been referred to the committee to report at this meeting and in some instances the committee have been unable to hold a meeting and reports upon those will not be ready for presentation.

At noon it was stated that a meeting would be held and the regular business transacted.

Elkins Engagement Broken.

LONDON, Nov. 17.—(Special.)—Home dispatches from the Central News today say a correspondence of that news agency has confirmed the report that the Duke of Albany has broken his engagement to Katharine Blount to whom he has been reported engaged, breaking off the match and releasing her from her promise to become his wife.

DETECTIVES HERE AFTER EVIDENCE.

Pittsburgh Officers Seeking Serious Charges Against Coke Oven Dick Now in Jail.

Although William Brooks, alias "Coke Oven Dick," has been sent to the penitentiary for a term of 12 years in Lawrence county on charges preferred against him at New Castle, it is probable that other and more serious charges will be taken up against him. A few days ago Detectives Robinson and Cole of Pittsburgh were in Connellville acquiring evidence against him and they stated at the time that they were positive that he was the man who killed a yardmaster at that place and now had their evidence in such shape as to prosecute him on a charge of murder.

Brooks has frequently been connected with the crime but every effort to secure evidence of a convincing nature against him has failed. But the Pittsburgh detectives are positive now that they have the evidence and are working out the case while Brooks is a prisoner.

MUCH MORE ELECTRIC CURRENT USED NOW.

Increase in Power Furnished by West Penn Marks Return of Prosperity.

As an evidence of increased business and the steady return of prosperity to this section is evidenced in the reports received by the West Penn as to the power house current load. This is 30 per cent larger than at this time last year. It is estimated that about 10 per cent of this is used by the railroad department for the operation of cars while the rest is used for commercial purposes.

During the past several months many new motors have been installed and there is a gradual increase in the use of electric power throughout the region. These power users are consuming more current than before. Since the head of the power house was given the order before in the history of the West Penn, General Superintendent Conkili of the Company has noticed a steady increase in business from town to town.

NOTED HUNTER SHOOT RABBIT ALREADY DEAD.

Car Had Killed Bunny But Rogers Poured Load of Shot Into It.

Superintendent of Line Construction W. M. Rogers of the West Penn, on his way enjoying the full benefits of that which befalls a hero of the hunt. As a rabbit killer Mr. Rogers takes first prize and the West Penn force is telling him so. It all happened near Brownsville. Mr. Rogers was on his way to Brownsville yesterday when at the Moore switch he spotted a rabbit near the track. He immediately sent word to Superintendent Pile of Uniontown to send out a gun. Mr. Rogers continued to Brownsville.

Returning on the next car he secured his gun off the southbound car and went on a hunt for the long-eared animal. It hadn't moved an inch since he had shot it. But that revealed something he didn't know before. The rabbit had been dead for an hour or more before the head-lineman saw it. It had been killed by a street car and the driver knew the superintendent of construction was coming that way. It was easier to bag than by being shot.

BULLSKIN ROBBERY.

Arrests Made and Plunder Located By Officers.

Robberies of a wholesale nature are alleged to have been going on in Dull skin township and this morning John Meyers, John Steele, George Clarke and George Butler were placed under arrest charged with the crimes. It is alleged that the home of J. M. Williams was entered and robbed of silverware, canned vegetables and clothing and that they were found in the home of Katie Steele, the wife of one of the defendants.

Was Inveighed Into Fight.

One drunk and disorderly was before Burgess A. D. Sessions this morning. A very plausible story of how he became involved in a fight secured his release but the Burgess stated that he would investigate for himself and if the offender was not telling the truth his arrest would be ordered.

JAMES LOWE, AGED RESIDENT, DEAD.

Had Lived in Connellville Almost Half Century.

WILL BE BURIED ON THURSDAY.

Has Been Ill for Some Time From a Complication of Diseases But Condition Was Not Regarded as Serious Until Few Days Ago.

James Lowe, aged 64 years, a resident of Connellville for more than forty years, died this morning at his late home No. 819 Tenth street as the result of a complication of diseases. Mr. Lowe had been ailing for some time but his condition was not considered serious up until a few days ago. Funeral Thursday afternoon at 2 o'clock from his late home. Interment in Hill Grove cemetery.

Mr. Lowe was born in Wales but was of English descent. He came to this country at the close of the Civil War. He had been employed for a number of years as an iron worker at the Connellville Machine & Car Company and continued his work until just a few weeks ago. He was married to Miss Lida Kennedy, a prominent young woman of Dettlers mill. Mr. Lowe was widely known in and about Connellville and his many friends will regret to learn of his death. His widow and the following children survive: Mrs. Mollie Murray or Hawkeye; Mrs. Felix Adie; Arthur L. James; William Lyding and Howard. The latter three at home. One sister, Mrs. Eliza McWhorter of Pittsburgh, also survives.

MANY AT FUNERAL OF ROBERT E. COX.

Large Crowd Pay Tribute to Memory of Well Known Resident Yesterday.

Largely attended was the funeral of the late Robert E. Cox, which took place yesterday afternoon at 2 o'clock from his late home on East Main street. Impressive services were conducted by Rev. E. A. E. Palmquist, pastor of the First Baptist Church, assisted by Rev. E. B. Burgess, pastor of the Trinity Lutheran Church. A large delegation of the Masons, Republicans and the G. A. R. and Union Veterans Legion, of which the deceased was a member, were present. The floral tributes, which included set pieces from the Masons, Republicans and veterans, were very handsome. Special services were conducted by the Masons at Hill Grove Cemetery where the interment took place. The pallbearers were: Dr. G. W. Gallagher, J. A. Armstrong, J. W. Stout, Robert Avels, Henry Goldsmith and J. C. Shaw.

Among the out-of-town persons who attended the services were Judge J. C. Work of Uniontown; Mrs. Bella Chapman of Brownsville; Mrs. Homer Mire and Mrs. W. F. Snowden, Miss Mary White of Scottdale; Mrs. S. K. Cox of Mt. Pleasant; Mrs. Fred Appel, Alva Cox, Walter Cox, Mrs. Joseph Cox and Frank White, all of Pittsburgh.

GAS CONSUMERS SAY PRESSURE IS WEAK.

Residents Declare It Is Below Normal But Company Says Nothing Is Wrong.

Consumers of gas in Connellville and vicinity are complaining about the reduced pressure which has been noticeable during the past few days. They say that the supply has diminished to such an extent that satisfactory service is greatly impaired. Especially is this true in the residence section if the complaints of gas consumers are believed.

At the office of the Fayette County Gas Company it was stated this morning that there was no noticeable decrease in the supply and that the pressure has been normal. It was stated there that any trouble consumers might have and must certainly have been due to local conditions. In spite of this statement, by the company a number of consumers will try to be convinced that the weak pressure noticeable of late is not due to a smaller supply of gas than before.

SIX ARE KILLED WHEN CAGE CRASHES DOWN MINE SHAFT.

Engineer Newcomer of Dawson Among Ellsworth Victims.

WELL KNOWN IN CONNELLVILLE.

Men Were Ascending Shaft When They Are Swept Off Cage and Meet Awful Death--Fright Probably Saved Foreigners.

MONONGAHELA, Pa., Nov. 17.—Plunging down a shaft for 225 feet in a cage of the collieries of the Ellsworth Coal Company at No. 2 mine yesterday afternoon six men were killed, one fatally injured and three foreigners were probably saved through fright alone. The killed were crushed into an almost unrecognizable mass.

The Dead.
J. E. NEWCOMER, aged 28, Dawson, chief mining engineer, had charge of all four Ellsworth mines.
M. J. WALSH, 22 years old, Philadelphia, mining engineer.
BURNETT SMYTH, aged 25, Allentown, mining engineer.
JOHN DONSCHER, aged 20, leader.
JIM KELLY, aged 20, leader.
JOHN DOVOSKY, aged 20, leader.

The Injured.
HARRISON RANDOLPH, drilling machine operator, struck on head by heavy timber, saved himself by grasping a support and hanging on. Engineer, Newcomer is well known in Connellville, living near Dawson and going there frequently. It is said he was to be married on Thanksgiving and it is also reported that Smith was to have taken a bride upon the same day.

The accident was caused by a loose plank at the side of the shaft catching a projecting beam, being taken to the surface in the cage.

After completing a survey of the mine, preparatory to starting several new entries, the engineers, with the others as assistants, started for the shaft at 4:15 o'clock. A heavy beam they were holding to the surface, occupied nearly half of the cage and projected a foot beyond its edge. Taking up their positions on this the engineers and three of the foreigners started to ride to the top. When within 75 feet of the shaft's mouth, the loose end of a plank used in cribbing the shaft caught the line on the ceiling of the main shaft and slipped down into the depths.

Although he suspected nothing serious, it is said, the engineer noticed the engine unconsciously slowed its speed, for an instant but then exerted its full power again. A moment later he landed the cage with its terror-stricken occupants at the surface.

Attracted by the crash, miners near the bottom of the shaft investigated and found the six bodies crushed together. After 10 minutes work the timber was lifted and the dead men were placed on another cage, in which they were hoisted to the top.

Recent cold weather, it is thought, caused the shelling near the top of the shaft to warp, and the plank which caught the timber on the cage had sprung from its fastenings and protruded several inches. This did not in any way endanger the cage when regularly loaded, but in the semi-darkness at the bottom it is thought the men had not realized how far the beam protruded from the cage of the case.

James Blaine Newcomer, chief engineer for the mine, Ellsworth mines, who was one of the six men killed, was well known here. He was a son of Mr. and Mrs. Bert G. Newcomer, prominent people living on a big farm near Tyrone church, a short distance from Dawson. Mr. Newcomer had been chief engineer for the coal company for some time, having succeeded Francis Hill of Scottsdale to that position when Mr. Hill died of typhoid fever a few months ago.

Mr. Newcomer, previous to joining the Ellsworth company, was a mining engineer for the H. C. Frick Coke Company and was stationed at Dorsey. It was there that he had a narrow escape from death, serious injury, when he had just left a boiler house in which a gas pipe burst a moment after, seriously scalding Chief Mechanic T. C. Kelly of Scottsdale and the superintendent of the plant.

He is survived by his father and mother and several sisters and a brother. Among the sisters are Lou, wife of E. J. Cunningham of Scottsdale; Ella, wife of Frank Rose, of New Salem; Mary, wife of Edward Schell, formerly of Connellville and now of Ambidge; Edna, wife of Walter Smith of Dawson; and Lela and Nanette, sisters and George, a brother at home on the farm, nephew of Mrs. S. B. Stahl and Dr. G. W. Newcomer of Connellville.

The name of the newcomer will take place among the names of his parents in the Ellsworth mine at 11 o'clock. The body will be taken home this evening.

In Social Circles.

Social Tea.
Yesterday afternoon between the hours of 2:30 and 5 o'clock the residence of Mrs. W. P. Clark on Crawford avenue was the scene of a most enjoyable gathering of members of the Woman's Culture Club when the first of a series of social teas was held. The guests included many prominent club women of town and the meeting as a whole was a great success, the credit of which is due chiefly to those who participated in the program, the program committee, the social committee and the hostess.

The program was a musical and literary one and consisted of some very excellent numbers. The opening number was a vocal solo "All For You," beautifully rendered by Miss Marie Benford, followed by three instrumental numbers, (a) "The Butterfly," (b) "To Spring," and (c) "The Swallows of Spain," by Mrs. Harry Williams. The numbers were beautifully executed by Mrs. Williams and were greatly enjoyed by the club members and their guests. A vocal solo, "Looking Back," by Miss Margaret Mae Richard was one of the delightful features of the program. Miss Richard is the possessor of a very sweet voice and her selection yesterday brought forth great applause. A reading, "Aunt Lillian," by Miss Marie Benford came in for a great share of applause. Miss Benford has become quite a favorite both in literary and musical circles in Connelville and her selections yesterday were greatly appreciated. A vocal solo, "He Was a Prince," was well rendered by Miss Richard of Mt. Pleasant, followed by the report of the annual convention of the State Federation of Pennsylvania Women recently held at the Hotel Schenley, Pittsburgh, read by Mrs. J. M. Young, delegate to the convention. This was one of the most interesting and enjoyable features of the afternoon as the report fully covered all the events of interest which took place during the convention. The program closed with a well-chosen piano solo by Misses Jean Jennings and Rhonda Dunn. The accompanists were Mrs. A. W. Bishop and Miss Pearl Keck who carried out their part of the program in a creditable manner.

Following the program tea was served and a short social meeting was held. The guests of the club were Mrs. N. M. Sprout of McKeesport, a former well-known Connelville woman, and Mrs. Harding of Detroit, Michigan.

The social committee was composed of Mrs. W. N. Leake, Mrs. E. R. Goldsmith and Miss Ida Wolfe. The next regular meeting of the club will be held Monday evening, November 30, in the Carnegie Free Library club room. A program on "Flowers" will be carried out. The next social meeting will be held March 20.

Wedding Invitations Out.
Mrs. Elizabeth Stauffer Moore of Greensburg and Washington, D. C. has sent out invitations for the marriage of her daughter, Miss Irene Elizabeth Moore, and Captain Robert Llewellyn Wigmore, corps of engineers, U. S. A., December 5, at noon at the First Presbyterian church, Greensburg. Enclosed with the invitations are cards for the wedding breakfast which is to follow at the family residence in West Otterman street and at home cards announcing dates after January 1 at 230 Riverside Drive, New York City.

Farmers Will Meet.
"Literature for the Rural Home" is the subject for discussion at the regular monthly meeting of the Union Farmers Club of Fayette county to be held Saturday at the home of Mr. and Mrs. Joseph Freed in Dunbar township, the morning session commencing at 11 o'clock. The following is the program: "Magazines," Mrs. Agnes Junk; "Dallies," Col. J. J. Barnhart; "Farm, Stock and Poultry Papers," Joseph Freed. The queries are in charge of William A. Bryson.

Will Read Report.
Mrs. Kate Rittersdorf, county president of the W. C. T. U. and a delegate to the National W. C. T. U. convention held recently in Denver will read a report of the convention at the regular monthly meeting of the local W. C. T. U. to be held tomorrow afternoon at 2:30 o'clock at the Carnegie Free Library.

Seven Cent Social.
The Epworth League of the Methodist Episcopal church will hold a seven cent social this evening in the church. Extensive arrangements are being made by the committee in charge and a most enjoyable time is promised those who attend.

Kindergarten Will Meet.
The regular monthly meeting of the Kindergarten of the Trinity Lutheran church will be held this evening at the home of Mrs. J. B. Marietta on East Fairview avenue. A large attendance is desired.

Informal Dinner.
Miss Bertha Kollenberger was hostess last evening at a dinner on her home on Green street. Though very informal the affair was well appointed in every detail. Covers were laid for ten.

Granted Marriage License.
Job T. Edwards of Connelville, Miss Elsie Coffin of Pittsburgh, Selma Duffett of Uniontown and Howard H. Oliver of Pittsburgh were granted marriage licenses in Pittsburgh yesterday.

At Home.
Rev. and Mrs. C. M. Walcott have laid out for an at home Thanksgiving afternoon, Thursday, November 26, at the residence on Rube street.

Mrs. Lyon Will Entertain.
Mrs. R. C. Lyon will entertain at her home on North Pittsburgh street Saturday afternoon.

CONVINCING GOVERNMENT ENGINEERS.

(Continued from First Page.)

Following the address of Col. Robinson, Mr. Keighley delivered an argument in favor of the project from the viewpoint of a coke operator. He expressed himself in hearty approval of the project.

Congressman John D. Smith of Pittsburgh declared the hearing today disposed of the principal objection expressed by Captain Adams in his adverse report, that there was no interest in the matter.

Congressman Cooper declared if the river is shutwatered there will be no sufficient traffic that the improvements will create business that is not now thought of. He stated this was not a mere local improvement, but an arm of the vast work which the government has undertaken. With 15 locks at an approximate cost of \$3,000,000 the sum looks infinitesimal. Mr. Cooper declared, when compared with the \$45,000,000 the government expects to expend on the "On to Carlo" scheme of improvement to the Ohio river and the money spent on the Mississippi.

"Compare," he said, "the money spent in improving the Tennessee, the Cumberland and other Southern rivers, with that we ask here, and the tonnage derived from these respective streams. You will find this improvement will be less than 10 per cent of either undertaking, while the government has feared."

Chief Hydrographer M. O. Lighthouse of the United States Geological Survey asked the board to go into the question of water storage, flood abatement and power development, features that in the past have not been brought into such hearings.

Then, too, he said, the reservoir proposition has been turned down in the past but that was before the engineers were in possession of information concerning this subject, which has since been secured.

Rev. J. C. Maloy, representing the West Newton delegation, submitted a brief containing the contention of the Board of Trade of that place. He declared that the West Newton area is a mine of the finest gas coal in the country, every pound of which can be mined and is easy of access to the river. This output will aggregate \$1,165,000 a year and a saving of 13 cents a ton in water transportation would mean \$1,501,562 against \$600,000 necessary to erect the dam between West Newton and McKeesport. He also brought out that the coal that can be reached by water lies in this basin while the undeveloped fields of West Virginia are not accessible to transportation in this way. The hearing was adjourned at 1:30.

West Newton Delegation.
The West Newton delegation sent 18 representatives to attend the hearing here. Each member wore a badge bearing the words:

West Newton, Young River Boomer.

Those who represented the busy town down the Young were President M. F. Schell, Secretary J. Q. Watson, Dr. J. Q. Robinson, W. L. Stevenson, Rev. J. C. Maloy, W. E. McHenry, J. J. Rhy, William Butts, Theodore Higginberger, L. L. Robertson, Harry Goldsmith, H. A. Obler, Frank Greenawald, C. R. Reynolds, W. L. Goehring, L. C. Brehm, J. B. Sechrist and R. G. Greenwald.

John Kellner, Mr. H. Suter, James Hopkinson, Holmes Kelly and Julius Schenkart were present from Suterville.

BUY MORE COAL.

Connellsville Parties Pay Big Price for West Virginia Trestle of 64 Acres.
W. D. McInnis, J. W. McClaren, J. A. DeMuth and a number of other Connelville people have purchased from F. R. Robinson, R. Y. Fortney, Dr. C. L. Oyster and Dr. C. H. Ames, of near Lincolnton, W. Va., a tract of 64 acres of coal paying for the same \$640 per acre. Although the price is extremely high for West Virginia coal, the people here, a block one, and the purchase is a big one, and the purchase is a big one, and the purchase is a big one.

The Happy Family.
If people only knew how Dyspepsia destroys domestic felicity, and how the eating of good bread made from good flour will cure Dyspepsia, and give a ray of life, they would certainly have MARYEL FLOUR used in their homes. I know what I am talking about, because we use MARYEL FLOUR now, and I am the happiest man in all creation.

Services for Mrs. McPhoe.
The Grand International Auxiliary to the R. of L. M. will hold services this evening at 7:30 o'clock at the home of Mrs. J. A. McPhoe, a member of the auxiliary. Mrs. E. J. Marsh and Mrs. R. C. Graham will have charge of the services.

Operation Successful.
Mrs. A. Hays, who was operated on at her home on East Main street Sunday is recovering rapidly and will be able to be out within a few days. She has suffered for several years from an injured toe which resulted in the operation of Sunday.

Testimony Finished in Coal Case.
UNIONTOWN, Nov. 17.—Taking of testimony in the case of the Nagel Coal Company against Mrs. Elizabeth Moore of Greensburg was concluded today and the matter is now up to the court for decision.

ROYAL BAKING POWDER
The only baking powder made from Royal Grape Cream of Tartar
MADE FROM GRAPE
Of greatest whiteness and sweetness. No alum or phosphate acids.
Absolutely PURE

KAISER YIELDS TO PEOPLES DEMAND.

Promises to Make Concessions to Public Opinion and Exercise More Reserve.

United Press Telegrams.
BERLIN, Nov. 17.—The Kaiser today in conference with Chancellor von Bülow at Potsdam promised to make concessions to public opinion in the future and to exercise more reserve in his government affairs and to be more careful in what he says in the future. The Kaiser's conference was held in the morning and was attended by the Kaiser, Chancellor von Bülow and other members of the government. The Kaiser's conference was held in the morning and was attended by the Kaiser, Chancellor von Bülow and other members of the government. The Kaiser's conference was held in the morning and was attended by the Kaiser, Chancellor von Bülow and other members of the government.

MR. P. J. WEIMER

A Resident of This City Cured of Eczema—Read His Letter.

Connellsville, Pa., Nov. 20, 1908.
I scaled like a fish when I began to suffer from Eczema. It had been where it was for some time and was more than I could stand. After using only three bottles of Dr. Williams' Pink Pills, I am cured. Now, what will you do? Surely you will neglect your opportunity when you can positively get instant relief from that itchy and angry skin disease, call it at our store and we will tell you about the liquid compound. Dr. D. D. Frothingham and Dr. D. D. Soap, P. O. Moore, Water Street, Connelville.

Local and Personal Mention.

John Williams, assistant ticket agent to Pittsburgh & Lake Erie Agent, W. B. Thomas, and his wife, arrived here Sunday night from Uniontown, where they were making a tour of inspection. Mr. and Mrs. Williams will reside in New Haven.

Have you tried our classified advertisement? Mr. E. Englehart, traveling salesman for the West End Cold Storage Company, left this morning for Cincinnati and Oakland, Md., where after covering his territory he will return to his home in Uniontown, where he will spend the winter.

Mr. and Mrs. E. M. Montz of Morgantown are the guests of Mr. and Mrs. E. M. Montz of the House place.

Mr. Roy Kelsch, manager of Uniontown drug store, will leave this afternoon for Pittsburg, where he will visit relatives. During his absence, C. B. Dublin of Homestead will assist Clerk Henry Withers in running the establishment.

Miss Mary Reed of Highland Farm, Dunbar township, is visiting friends in Uniontown.

Mrs. William Holt of Oil Springs has returned home after a visit with friends and relatives here. He will return to his home in Oil Springs tomorrow.

Levi Eberhard of Mountain Lake Park, Md., who has been visiting relatives here and in Uniontown, will return to his home in Mountain Lake Park tomorrow.

Mrs. Mary Henry of Greensburg was cutting on friends here this morning. Mrs. Lillian Kuyser of Uniontown, Pa., is the guest of her daughter, Mrs. A. P. Freed, of Greensburg.

Frank X. Daly has resigned his position as clerk of the House in Scotland, and left this morning for his former home in Brandywine, Md. Mr. Daly was formerly clerk at the Smith

HOUSE, and while there made many friends who will regret to learn of his departure.

Mrs. Clarence McGill of Dawson is the guest of Mr. and Mrs. W. B. Knoll.

Mrs. John Durbin of Dawson was shopping here yesterday.

Mrs. D. J. Hooper went to Pittsburgh this morning to visit her mother, Mrs. W. B. Knoll.

Mrs. Homer Mills of Springfield was the guest of Mr. and Mrs. E. J. Maloy.

Mrs. Nellie J. Weaver of Confluence is the guest of Mr. and Mrs. J. M. Maloy.

NEWS OF A DAY IN SCOTSDALE.

Homestead Supply Company
Here to Begin Work on
Arthur Avenue.

A THANKSGIVING DANCE.

Union Club a New Social Organization
to Entertain—Opening Number
of Y. M. C. A. Course Largely At-
tended—Other News.

SCOTSDALE, Nov. 17.—W. H. Gould, manager of the Homestead Supply Company, of Homestead, accompanied by his foreman, Mr. Kerles, arrived in town Monday afternoon to look over conditions and get ready to start work on the grading, curbing and paving Arthur avenue, from the west side of Everett avenue to the west side of Grove street, the contract for which he won over seven bidders at the recent letting of the contract by Town Council for this work. Mr. Gould's bid being the lowest. He said that his equipment of teams had left Homestead, early yesterday morning, to drive through the West Newton, where they were to stop last night, and expected to get to Scottdale sometime tonight. His plans and some dump wagons were shipped in by rail and are here ready for work, he said. It is expected to get to work on the street about tomorrow, probably breaking ground above Chestnut street. The Uniontown Construction Company got some work done on Spring street at the further end yesterday afternoon, clearing the snow off the paving already laid and ready for setting, and putting the steam roller in commission to roll some more of the street. Both C. J. Gokkes of the latter company and Mr. Gould of the Homestead company are anticipating that the present winter flurry snow will be over and that they will still have some good working weather.

Opened the Course.
The opening number of the Y. M. C. A. entertainment course was given at Guyer's Opera House last night, the offering being Holliker's Hungarian orchestra, which gave an entertainment which seemed very pleasing to the big audience that filled the floor and gallery. The entertainment was late in beginning on account of the struggling in of a great many people who waited or were detained beyond the time for the rising of the curtains. The orchestra gave a very clever performance, of a high class

and maintained the reputation that they earned here at a previous appearance. The next entertainment on the course is also a musical number, more of the vocal order, the Oratorio Artists, who come on Friday evening, November 27.

A Thanksgiving Dance.
Invitations have been issued by the Union Club, a newly organized social club, for a dance to be held in Temperance Hall on Thanksgiving evening of the club here. Harry W. Colborn, president; Westley Wiley, secretary, and Daniel Zeidler, treasurer. The committee in charge of the dance is composed of Leo Miller, W. B. Bixler, Howard Eagle and Jay F. Grantham. The music for the dance will be by the Hardy orchestra and everything points to a very pleasant time.

Car Left the Track.
The West Penn car due here at 10:25 yesterday morning became involved in a peculiar accident, when it came to the Valley switch, where some repairs were working. The car came to the switch and ran carefully over the switch, which was being changed, the front truck getting all right but the hind truck getting caught on the points and leaving the track. The car was going so easy that no one was injured by the accident, and transfers were made. It lay there for some time and was taken to the barn, where it was found the damage was small.

Of a Personal Nature.
Mrs. B. M. Jmler of Meyersdale is here visiting Mr. and Mrs. George C. Cole, the latter being a sister of Mrs. Jmler.

Mrs. D. G. Anderson and J. B. Morrow spent Sunday at Dawson visiting their mother, Mrs. John Morrow, and other relatives.

Frank Newcomer, a prominent young farmer from near Tyrone church, was in town yesterday on a business mission.

Louis Rush of the Old Meadow section was a visitor in town on Monday afternoon.

Wesley Mumaw of Uniontown was visiting old home friends on Monday. John Keefer of Westoy Chapel was in town Monday transacting business.

Mrs. William K. Herbert has returned to her home at McKeesport after a week's visit with her mother, Mrs. Barbara Strickler, of Market street.

Mrs. E. W. Zimmerman of West Newton was here on Saturday visiting her sister, Mrs. S. A. Lowe.

Mrs. E. M. S. Pyle is the guest of Mrs. George Metzger of the East End, Pittsburgh, for a few days.

Mr. and Mrs. Samuel Shannon spent Sunday in Mt. Pleasant visiting the latter's parents, Mr. and Mrs. Samuel Eckhart.

Alvan Baker spent Sunday with friends in Mt. Pleasant.

Paul Doncester and Monroe Lott of Mt. Pleasant were in town on Sunday afternoon.

Mrs. Helen Altman of Manor and Mrs. E. M. Strawn of West Newton

were guests of their relatives, Mrs. Linda Rankin and G. B. Ship, over Sunday.

Mr. and Mrs. Walter Dudley Rogers of Pittsburgh were visiting the former's father, Dr. A. J. Rogers over Sunday.

Mrs. William W. McWilliams was visiting her parents, Mr. and Mrs. John Thorndale of Uniontown yesterday.

Mrs. W. F. Finer of Wellsboro, O. is visiting her sister, Mrs. Albert Keller.

AN OPEN LETTER

To the Editor of The Courier and I want the People of Connelville to know that I write the following voluntarily.—Harry L. Goodie

I write these few lines out of gratitude for what M-O-na has done for me for dyspepsia and indigestion. I have suffered for the past five years, and have tried different doctors but have had no relief until I bought a 50 cent box of M-O-na from our drug store (R. W. Knowlton's) here a short time ago.

The first box did me so much good that I immediately purchased another one, and I now feel better than I have at any time in the past five years. Am able to eat anything and everything and get a good night's sleep afterwards.

Was so bad at one time that all I was able to eat for over a month was a raw egg in a half a glass of milk, two or three times a day.

I would earnestly advise anyone suffering as I was from dyspepsia, to give this remedy a fair trial. I remain gratefully yours, Harry L. Goodie, No. 914 River St., Ashabula, O.

M-O-na is the only logical dyspepsia remedy on the market today. It is not a digestor. It does not contain a particle of poison. It cures by building up the muscular walls of the stomach, and making the stomach strong and perfect that it is able without artificial help to digest an ordinary meal with ease and without discomfort.

The experience of Mr. Goodie is a common one, and it is safe to say that M-O-na tablets have cured more acute and chronic diseases of the stomach than any other medicine. A. A. Clarke sells it at 50 cents a box, and guarantees it to cure or money back.

Notice—Moore.

There will be a meeting of Connelville Lodge No. 16, Loyal Order of Moose, Wednesday evening, November 18, at 8 o'clock, in Market Hall. Business of great importance and work from our Supreme Dictator, Ewing B. Marshall, and Supreme Organist, J. J. Davis, of Indiana. We will have a social session in our club room after the meeting. All members are requested to be present. W. B. RICE, Secretary.

CENTRAL FIGURES IN CLASH THAT STIRS GERMAN EMPIRE

Germany awaits with the keenest interest the meeting between Emperor William and Chancellor von Bulow. The event was delayed by the sudden illness of Count Hatzfeldt, Imperial adjutant, who was a great favorite with the Emperor. Public indignation against the Emperor, as indicated in the newspapers, seems to increase with the delay in receiving the Chancellor.

National Movement Begins
in Baltimore
Today.

FROM CAPE COD TO KEY WEST

Scope of Deeper Waterways Association's Work Embraces Atlantic Seaboard—Success Means Strengthening of Hands of Breadwinners.

Baltimore, Nov. 17.—Five hundred accredited delegates gathered here today to attend the first annual convention of the Deeper Waterways Association. The convention will last three days and is expected to be productive of good results in the promotion of American maritime interests. The primary object is the advocacy of the movement to build an inland waterway connecting Boston with Key West, practically the entire length of

J. HAMPTON MOORE.

the Atlantic seaboard of the United States. More than 200 associations are headed together to promote the movement.

The president of the Deeper Waterways Association, in Congressman J. Hampton Moore of Philadelphia, who delivered the address welcoming the delegates and outlining the objects of the association. He predicted a successful outcome of the association's work, declaring it to be one in which the entire American people are vitally interested.

Scope of the Association's Work. In speaking of the association's work Mr. Moore said:

"At the opening of a waterway from the north side of Cape Cod to Long Island sound means the saving of a single life employed in the shipping trade who should we not strive for the completion of it?"

"When we know as a matter of record that hundreds of human lives are lost upon the shoals of Cape Cod and that millions of dollars' worth of valuable property is wrecked because there is no inland passage, why should we hesitate to put our engineers at work and make a short cut inland that will provide a safe harbor for shipping and a haven for the men who are engaged in that important occupation?"

"If the deepening of an inland channel between the Delaware river and the Chesapeake bay will give to American ships of war a safe inland passage and a harbor for repairs or for stores in times of peace or in times of war and will save an outside sailing distance of hundreds of miles, with all its perils, why should a great nation like this hesitate to provide such deepening?"

Commercial Significance. "If, again, I regard this as of greater concern to the common people, the deepening of such a waterway between any such port along the Atlantic coast or from any point of production to any point of shipment will enable the farmers or the manufacturers to do more business than they hitherto have done or will provide facilities that will attract trade and encourage the development of American shipping, why should we not provide such waterways and thus strengthen the hands of the breadwinners of our country?"

MAKES SPIRAL DESCENT

Wilbur Wright Shows Frenchmen New Wrinkle in Art of Flying.

Le Mans, France, Nov. 17.—Wilbur Wright gave half-hour lessons in the handling of his airplane to Count de Lambert and Captain Lucas D'Almeida.

He then took up Marquis Aviano, King Alfonso's master of the horse, concluding with a flight alone, in which he made a magnificent long spiral descent, showing perfect control of the machine and evoking the enthusiastic applause of the spectators.

Heart Call at White House.

Washington, Nov. 17.—William Randolph Hearst was a caller at the White House last night. After his visit, which was about half an hour in duration, he said that he had not discussed politics with the president, having merely paid him a social call.

Theodore Shonts a Grandson.

Paris, Nov. 17.—The Duchess de Chaulnes, who formerly was Mrs. Theodore Shonts of New York, has given birth to a son at her home here.

SHIFTED BY CREIGHTON

F. C. Robbins, inspector at Cresson shops, to be inspector Renovo shops.

L. E. Hush, inspector at Altoona, to be night engine house foreman, B. and A. V. division.

O. G. Behnelder, inspector at Renovo shops, to be assistant engine house foreman at Derry.

W. P. Cuddy, inspector Altoona car shops, to be foreman of car shops at Venango.

T. F. Dunbar, foreman Hollidaysburg shops, to be foreman Roundhouse No. 3 at Altoona.

When Revision of Steel, Coal and Lumber Tariffs Comes Up at Session.

Washington, Nov. 17.—That the steel, coal and lumber interests will make a stubborn fight against the reduction of the tariff on these products was intimated by Senator Elkins of West Virginia, as he was leaving the White House after a short call upon President Roosevelt.

"There's going to be a fight on coal and lumber rates," said the senator. "West Virginia, which produces a large amount of these products, is entirely satisfied with the existing rates and will put up a contest before she permits them to be changed." If Canada manifests a willingness to reduce her duty on coal, the senator said, an agreement might be reached easily for the reduction of the tariff on coal into the United States. He added that West Virginia was very much interested in the protection of the steel industry.

Mr. Elkins declared it would be unfair to the country to attempt to revise the tariff at the coming session of congress.

SUGAR GROWERS HEARD

Secretary of War Also Attends Tariff Revision Hearing.

Washington, Nov. 17.—The allegation that the so-called sugar trust controls the price paid the grower and the price charged the consumer of sugar, the secretary of war putting himself on record as a champion of free entry for Philippine sugar, and the general "stand-pat" attitude of the beet sugar growers who appeared before the ways and means committee of the House, were the features of the hearing on the revision of the tariff as it would affect sugar.

"The beet sugar people say that the American Sugar Refining company has no interest in their factories," said the secretary, referring to the so-called trust, "yet three years ago they said a trustee, understood to represent the American Sugar Refining company, owned 51 per cent of the stock of all the beet sugar factories. That may be the reason why the beet sugar industry in this country has not grown, rather than the importation of Cuban sugar. There has been no reduction in the price of sugar in a number of years."

MURDERED BY MILK

Appalling Mortality in Philadelphia Among Bottle Babies.

Philadelphia, Nov. 17.—In an address at a meeting held under the auspices of the Civic club Director Neff of the bureau of health declared that 3,324 out of 5,081 infant deaths in this city during the past year were traceable to the use of poor or contaminated milk.

He said that he had drafted a bill to be presented in the next legislature which has for its purpose the licensing of milk dealers or peddlers. He said that he had the support of the Milk Dealers' association of this city and believed the bill would be passed.

After telling about the awful conditions prevailing in all parts of the state and country, under which filthy and even filthy milk is sent out to the public, Dr. Neff declared that the poor milk supply was leading to a decimation of the people. He declared that 75 per cent of the infants are nourished or reared on cows' milk preparations of it, and that the use of impure milk is responsible for an alarming mortality among the infants.

COMPERS SAYS HE WILL PAY NO FINE.

Declared He Will Go to Prison Rather Than Do So

IF PUNISHED FOR CONTEMPT.

Debate in Federation of Labor Convention at Denver Shows That the Leaders Believe Crisis in Affairs of Organized Labor Has Been Reached.

Denver, Col., Nov. 17.—President Samuel Compers in the convention of the American Federation of Labor declared that if he were found guilty and fined in the contempt proceedings against him at Washington he would go to jail before he would pay his fine or before he would allow the federation to pay any fine for him.

This statement was made by Mr. Compers during discussion of the report of the committee on the treasurer's report. The committee recommended that immediately following the adjournment of the convention the executive committee shall take up the proposition of pinning its funds where they may be removed from danger of attack.

This brought out a political discussion, in which several members declared themselves in favor of the formation of an independent political party.

Treasurer John B. Lennon said he had discussed the matter of safeguarding the funds with good attorneys and they all agreed that it was impossible without resulting at some time in injury by some persons. Several suggestions were made from the floor, one being that the funds be deposited in Canada and another that certificates of deposit be taken out in some other name than that of the treasury.

Missed Their Opportunity. D. C. Ramsey, of the Electrical Workers was applauded when he declared: "We had a chance to place our funds beyond the reach of those who would take them, but we let it pass on Nov. 3. The only way to protect our money is to change the laws."

Mr. Compers warned the delegates that if a way were found to hide the funds the courts would thereafter appoint a receiver to get the money being contributed.

By request Mr. Compers explained the status of the Danbury hat case. The lower courts held that there was no case under the Sherman anti-trust law, but the United States supreme court had reversed this decision, and remanded the case to the lower court for retrial. He said:

"Our standing is menaced by the courts of law. The matter of the application of the Sherman anti-trust law to unions has reached final judgment by the United States supreme court. No matter how the Danbury case is decided that will not alter the status of the law. The United States supreme court has held the dual world and the law of this country is that labor organizations are now conspiracies and combinations in restraint of trade."

Would Pay No Fine. "Under the Sherman anti-trust law honest business cannot be conducted much less honest, straightforward labor organizations. With reference to the case against me in the District of Columbia I want to say that I will never consent that the American Federation of Labor shall ever pay one cent of fine for me. I don't want to go to jail, but I will not tamely submit to the federation being mulctured for me. I am not pleading poverty, but if I had the means I would not use them in payment of any fine imposed on me for exercising my rights as an American citizen."

Max Hayes of Cleveland suggested the formation of a labor party. He criticized the Democratic platform in regard to that position which says: "We yield to none in our respect to the courts." Mr. Hayes declared he had no respect for the courts.

Mr. Compers again took the floor to reply to Mr. Hayes. He said the position taken by Mr. Hayes was illogical and declared that the decisions of the supreme court had but one object, namely to tie the men of labor to their work to cripple the men of labor in their right to work on their right not to work. That was the position he declared.

"These decisions," he said, "will result in letting men today in order to enslave them for all time to come. The rights which the courts took from the workmen of Great Britain caused the formation of the labor party and having secured their right to organize, they have continued and will secure other rights."

The report of the committee on the treasurer's report with its recommendations was unanimously concurred in.

Chicago Grain Market.

Chicago, Nov. 16.—Liberal receipts of wheat in the northwest and south-west caused weakness today in the local market. Prices at the close being down 1/2 cent compared with the previous close. Corn and oats were also weak, but provisions closed steady. December options closed: Wheat, 102 1/2; corn, 62 1/2; oats, 48 1/2.

Pittsburgh Markets.

Pittsburgh, Nov. 16.—No. 1 through No. 3 yellow corn, 62 1/2; No. 2 yellow corn, 62 1/2; No. 3 yellow corn, 62 1/2; No. 4 yellow corn, 62 1/2; No. 5 yellow corn, 62 1/2; No. 6 yellow corn, 62 1/2; No. 7 yellow corn, 62 1/2; No. 8 yellow corn, 62 1/2; No. 9 yellow corn, 62 1/2; No. 10 yellow corn, 62 1/2; No. 11 yellow corn, 62 1/2; No. 12 yellow corn, 62 1/2; No. 13 yellow corn, 62 1/2; No. 14 yellow corn, 62 1/2; No. 15 yellow corn, 62 1/2; No. 16 yellow corn, 62 1/2; No. 17 yellow corn, 62 1/2; No. 18 yellow corn, 62 1/2; No. 19 yellow corn, 62 1/2; No. 20 yellow corn, 62 1/2; No. 21 yellow corn, 62 1/2; No. 22 yellow corn, 62 1/2; No. 23 yellow corn, 62 1/2; No. 24 yellow corn, 62 1/2; No. 25 yellow corn, 62 1/2; No. 26 yellow corn, 62 1/2; No. 27 yellow corn, 62 1/2; No. 28 yellow corn, 62 1/2; No. 29 yellow corn, 62 1/2; No. 30 yellow corn, 62 1/2; No. 31 yellow corn, 62 1/2; No. 32 yellow corn, 62 1/2; No. 33 yellow corn, 62 1/2; No. 34 yellow corn, 62 1/2; No. 35 yellow corn, 62 1/2; No. 36 yellow corn, 62 1/2; No. 37 yellow corn, 62 1/2; No. 38 yellow corn, 62 1/2; No. 39 yellow corn, 62 1/2; No. 40 yellow corn, 62 1/2; No. 41 yellow corn, 62 1/2; No. 42 yellow corn, 62 1/2; No. 43 yellow corn, 62 1/2; No. 44 yellow corn, 62 1/2; No. 45 yellow corn, 62 1/2; No. 46 yellow corn, 62 1/2; No. 47 yellow corn, 62 1/2; Wright - Metzler Company

At all times we present very broad assortments of plain china for hand decorating. Oddly shaped vases and jugs. Tankards of unique design. The very shapes and designs of which add materially to the worth and beauty of the finished product. Christmas is coming on apace and we'll soon need all of our table room for toys. It's opportune, the circumstances bring about this sale at a date which affords ample time for the completion of the piece before Christmas and nothing is more appreciated in the way of gift things than is hand painted china. Vases that were \$1.80 are now \$1.20. Tankards worth \$4 can now be bought at \$2.65. Table Jardiniers with low pedestals, worth \$6.50 and \$4.35 and a hundred other small pieces at like reduction. These lowered prices remain in force only until the stocks are reduced to a point that will accomplish the purpose of the price reduction.

Gas Mantles 8c
Inverted or Upright

Warm and mighty garments and generally worn and accepted as correct by sensible and fashionable women. Of course they are intended only for outdoor wear and lend a ver-
 tainty air to the winter costume. Show them in white, cardinal and Oxford green. Priced at \$2.50, \$3.50 and \$4.50.

Did the Snow Remind You of Your Thin Soles?

You could walk in your bare feet with more health assurance than by wearing thin-soled water soaked shoes that have served a half-time. Our winter shoe store presents shoes for men, women and children, made especially for winter wear. Good thick oak leather, soles with "humpers" of good, protective leather that will "shed" the mizzling snow. But with all these protective "layers" they present as much style as they afford protection and the prices reflect the savings that our buying power secures.

Pillow Cases 10c
Full Size.

Patterns, tailoring, design and weight: these are the features that represent pajama values. These pajamas are designed by experts and made by the foremost maker in this country. The fabrics were especially woven for pajama cloth. Fastidious men are as particular regarding their sleeping garments as they are to their day wear. These are priced most economically and the selection covers a broad range of patterns.

MAY MAKE LOREE PRESIDENT.

Vice President G. L. Potts, of the Baltimore & Ohio and Vice President John P. Green of the Pennsylvania, both directors of the Baltimore & Ohio, passed through Conowingo yesterday afternoon on route to Pittsburg after attending the annual election of directors in Baltimore. The directors elected for the year were: B. Bacon, Joseph R. Ford, John P. Green and Samuel Rea, Vice Presidents of the Pennsylvania Railroad Company; R. L. Brent Keyser; George F. Randolph, First Vice President of the Baltimore & Ohio; Norman B. Rewin, James Speyer, James Sullivan and Joseph

MURDER CHARGE IS BROUGHT AGAINST MEN

**THE SLEEPING SICKNESS
WHICH MEANS DEATH.**

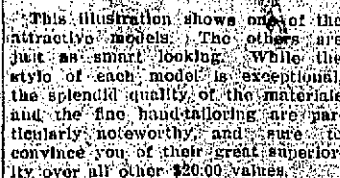

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head, and mercy knows what else? Short of letting the tictacs fly into us we would do almost anything for relief. "How can we present it?" Mr. George Lindey, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep at night. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped; it did at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous, overworked person who cannot sleep.

Vinol is sold in Connellsville by Graham & Co., Druggists.

**Have You Seen
the
Overcoats
We're Selling
at \$15 to \$20?**

Why pay a custom tailor \$40.00 for an "overcoat" when you can get one here at \$20.00 which is every whit as good?

The fabrics consist of bright striped, Chevrolet and plain brown, blue and Oxford.

**BOYS'
SUITS AND OVERCOATS
\$4.50 TO \$12**

Garments of selected fabrics, tailored to give long service in a great assortment of nobby styles.

**Werthelmer Bros.,
124 N. Pittsburg Street,
Connellsville.**

Two cent a word

A Superb Collection of Children's Coats.
Coats of Broadcloth, Venetian, Serge, Chinchilla and Bearskin.

**\$15.00 Is Not Too
Much to Pay for
a Suit of Clothes.**

**It's Enough to Insure
Correct Style.**

To the man who has but \$15 to invest in his winter clothing, our stock is made with interest. Not only in "style" alone, do these garments excel but they present excellent "value" as well. You've never seen an ill-fitting suit that came from here and we sell a many a big number of garments.

SOME OF Distinctive, new
FEATURES Novelties in lapel and
pocket flanges, long, loose perfectly
draped coats, trousers cut, peg leg
with or without cuffs, expertly tailored
throughout, and fully up to the
strict Wright-Mezler requirements in
every minute particular.

A collection that is noteworthy in point of style, variety and diversity of fabric and design. Jaunty, dashing little garments that individualize their wearer. Did you ever watch the children coming home from school? Some richly appareled, others poorly dressed, and if you have, you must have seen that in many cases the luxuriously garbed child had a more stylish air about her than her richly dressed school mate. It was due to the distinctive lines of her garments.

You'll find these coats priced from \$250 to \$10 in ages from 2 to 12 years and even the least expensive ones present exclusive style features.

All Wool Blankets

\$4

68x72 INCHES:

Weight, size, quality and variety of design, all of these features are embodied in this showing, absolutely all wool and you can choose from the following colors: tan and white, navy blue and white plaids, pink and white plaids, black and white plaids and plain white. These blankets will be on display in the new Basement Store and will attract many buyers as the value is exceptional. We've never previously been able to offer a value so good you'll agree.

WIDOW MUST LIVE WITH HUSBAND TO BENEFIT BY ESTATE SAYS COURT

Decision Handed Down In Case of Connellsville Woman Declares She Is Not Entitled to Exemption.

UNIONTOWN, Nov. 17.—The claim of Mrs. Martha J. Baisley of Connelsville for \$300 exemption in the estate of her late husband, Christian Baisley, is denied by a decree handed down today by Judge C. Work in the Orphans' Court. The widow had not mentioned in the will of her deceased and following his death she fled a renunciation and elected to take her share under the intestate laws. There was a dispute relative to her right to such a share and the matter went into court. The dispute grew out of the fact that she had left the home of Mr. Baisley years ago and they had not lived together although there had been no divorce

In handing down the opinion, the court holds that to be entitled to property under this act the willow must have been a member of the husband's family at the time of the death. In this case it is claimed she had not lived with him for over 20 years.

THINGS THEATRICAL

Complete Productions at the Solosson
This Week

Last night the Custer Stock Com-
pany opened a week's engagement at
the Solosson Theatre and more than
pleased a large audience with a first
class scenic production of "For Home-
and Honor," from the pen of the well-
known author, Lem B. Parker.

The Custer Company, while new to
this city is one of the best repertoire
organizations that has ever appeared
here and will no doubt be greeted
with crowded houses all week, which
they well deserve.

The play, announced for tonight is "Utah," a Mormon play by the same author of last night's production. During this performance Miss Myrtle Biggs will wear the famous Directors' gown, and this has aroused a great amount of local interest.

On Friday night it is offered for the best amateur act. Two multitudes will be played during the week and on tomorrow afternoon the Outer Comedy company will present "Heart's Drift," for which a complete scenic production is carried.

Vanderbold, the hindmost king and last breaker, is an addict feature this week.

The production on a whole, while a great one, was marred by the introduction of some poor musical numbers, which deteriorated from the first to the last.

SOISSON THEATRE

ALL THIS WEEK

— THE —
Cutter Stock Co.

The aristocratic and repertorial presentation, entirely different each evening, together with complete scenic productions.
